

Athens Zafolia Hotel | Eco Profile

Athens Zafolia Hotel has been committed to protect the environment and to integrate continuously environmental and sustainable practices into its business strategy, according to the European and National environmental policy.

Furthermore, the hotel tries to reduce environmental impact by improving and enhancing practices to conserve natural resources, minimize wastes, save energy, etc.

Practices applied to the hotel:

- Compliance with environmental legislation
- Enhancing environmental sustainability
- Inform staff on environmental consciousness and behavior issues
- Use of energy efficiency improvements in the building
- Avoiding actions that cause pollution
- Use of chemicals and detergents that have a quality label
- Preference for purchasing ecological products
- Use of Natural Lighting
- Use of energy-saving light bulbs in all areas of the hotel
- Water saving actions
- Waste management (solid and liquid).
- Reduction of paper consumption
- Reducing of single-use products
- Free wi-fi in rooms and public areas
- Electric Car Charger in the hotel's underground parking lot

Rooms:

- Special signs for room cleaning upon guests request
- towel and sheet reuse program available and promoted to guests
- Lighting and air conditioning function only when the key is placed in the special slot to avoid wasting energy
- Air conditioning operation only when the windows are closed
- Anti-allergic bed covers that protect against dust mites and other allergens.
